

Request for Continuity of Care Services

Blue Shield of California provides continuity of care services to new and current members of a Blue Shield of California plan. As of January 1, 2018, there are eligibility limitations that apply to new enrollees of a Blue Shield Individual and Family Plan (IFP). You may call the Member Services or Customer Care number on your Blue Shield member ID card for more information.

Initial criteria must be met:

- **Current Blue Shield members** – You are now receiving care and your provider is no longer in the plan's network.

If you are a current Blue Shield member, you are eligible for continuity of care services when a Blue Shield provider from whom you are receiving services for a specified course of treatment leaves the network. If your provider has left the network after your effective date of coverage or you need assistance finding a provider, please call the Member Services number on your Blue Shield member ID card.

- **Newly enrolled members** – You are currently receiving care and your previous provider does not accept your new health plan.

Individual and Family Plan (IFP) members newly enrolled on Blue Shield policies effective January 1, 2018, and later, may be eligible for continuity of care services when the previous provider is outside the Blue Shield IFP network.

- Any Maternal Mental Health conditions

Secondary criteria must be met:

- **Acute condition** – A medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and has a limited duration.
- **Scheduled surgery/procedure** – Surgery or another procedure that was recommended and documented by your provider and scheduled to take place within 180 days of your effective date of coverage or provider termination date and authorized for continued care by Blue Shield.
- **Newborn/infants** – Newborn to 36 months old, general pediatric or specialist care until the earlier of 12 months from the effective/provider termination date or the date the child is 36 months old.
- **Pregnancy** – The duration of the pregnancy and the immediate postpartum care.
- **Serious chronic condition** – A medical condition due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over time or requires ongoing treatment to maintain remission or prevent deterioration.
- **Terminal illness** – An incurable or irreversible condition that has a probability of causing death within one year or less. Terminal illness is covered for the duration of the terminal illness.
- **Maternal Mental Health Condition** – A mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.

Attention: The following information must be included to process this request. For the request to be considered complete, it must meet the above criteria and include the patient and provider information below:

Documents required:

- Initial Consult Report from the treating provider(s)
- Current treatment plan
- Last three progress notes
- If a former Kaiser member, please provide the Kaiser Medical Record Number
- Any and all ICD-10 and CPT codes
