[†] HSA Qualified High Deductible Plan

* All services are subject to the deductible unless otherwise stated.

1. Family deductibles (when applicable) and out-of-pocket maximums (OOPM) are "embedded". This means that an individual in a family plan is responsible for no more than the "individual family member" deductible and OOPM (please see exceptions below regarding high deductible health plans (HDHPs)). Once an individual family member has met their deductible, that family member will only be responsible for the specified copayment or coinsurance until that individual meets the individual family member OOPM or the family as a whole meets the family OOPM, whichever comes first. Deductibles and other cost sharing payments made by each individual in a family accrue to both the "family" deductible and "family" OOPM. Once the family deductible has been met, individual family members who have not yet met the individual family member OOPM amount will continue to be responsible for the specified copayment or coinsurance until they meet the individual family member OOPM or until the family as a whole meets the "family" OOPM, at which point, Sutter Health Plus pays all costs for covered services for all family members. For HDHPs, in a family plan, an individual family member's deductible must be the higher of the specified "single" deductible amount or the IRS minimum of \$2,700 for 2019 plans. Cost sharing for non-essential health benefits or optional benefits elected by a group does not accrue to the deductible or OOPM.

2. Cost sharing for all essential health benefits, including that which accumulates toward an applicable deductible, accumulates toward the out-of-pocket maximum.

3. Copayments apply per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be 12 times the retail cost or four times the mail-order cost. Member cost sharing for oral anti-cancer drugs shall not exceed \$200 per prescription for up to a 30-day supply. For HDHP plans, this \$200 maximum will not apply until after the deductible is met.

4. Some drugs prescribed for sexual dysfunction, such as Cialis, Levitra or Viagra (or the generic equivalent, if available) are limited to 8 doses per 30-day supply.

5. See plan specific EOC for information on preventive services.

6. Pediatric eye exam and glasses or contact lenses are provided annually for members through the end of the month in which the member turns 19 years of age as part of the essential health benefit for pediatric vision.

7. A complete pair of glasses or standard contact lenses, in lieu of glasses, are covered every 12 months.

8. When outpatient benefits have Cost Sharing that includes "deductible waived for 1st 3 non-preventive visits", the Deductible is waived for the first three non-preventive visits combined, which may include office visits, urgent care visits, or outpatient MH/SUD visits.

9. Other practitioner office visits includes therapy visits, and other office visits not provided by either primary care physicians or specialists or visits not specified in another benefit category.

10. In a high deductible health plan (HDHP), your Deductible and Out-of-Pocket Maximum work differently. In a Self-Only coverage plan, you must meet the Self-Only Deductible and the Self-Only Out-of-Pocket Maximum. Once you meet the Self-Only Deductible, Sharp Health Plan will pay for your services. The Self-Only Out-of-Pocket Maximum includes the deductible, copayments, and coinsurance. In a Family plan, each individual in the family must meet the Individual Deductible until the Family Deductible is met. Once an individual meets the Individual Deductible, Sharp Health Plan will pay for services for that individual in the family. Once the Family Deductible is met, Sharp Health Plan will pay for services for the entire family. All family members have met the Family Out-of-Pocket Maximum when the family's combined deductibles, copayments, and coinsurance equal the Family Out-of-Pocket Maximum.

† HSA Qualified High Deductible Plan

* All services are subject to the deductible unless otherwise stated.

1. See plan specific EOC for information on preventive services.

2. The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.

3. Family deductibles (when applicable) and out-of-pocket maximums (OOPM) are "embedded". This means that an individual in a family plan is responsible for no more than the "individual family member" deductible and OOPM (please see exceptions below regarding high deductible health plans (HDHPs)). Once an individual family member has met their deductible, that family member will only be responsible for the specified copayment or coinsurance until that individual meets the individual family member OOPM or the family as a whole meets the family OOPM, whichever comes first. Deductibles and other cost sharing payments made by each individual in a family accrue to both the "family" deductible and "family" OOPM. Once the family deductible has been met, individual family members who have not yet met the individual family member OOPM amount will continue to be responsible for the specified copayment or coinsurance until they meet the individual family member OOPM or until the family as a whole meets the "family" OOPM, at which point, Sutter Health Plus pays all costs for covered services for all family members. For HDHPs, in a family plan, an individual family member's deductible must be the higher of the specified "single" deductible amount or the IRS minimum of \$2,700 for 2019 plans. Cost sharing for non-essential health benefits or optional benefits elected by a group does not accrue to the deductible or OOPM.

4. When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services (except infertility services) for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.

5. Cost sharing for all essential health benefits, including that which accumulates toward an applicable deductible, accumulates toward the out-of-pocket maximum.

6. For Specialty drugs, please see plan specific EOC.

7. For instances where the contracted rate is less than your copayment, you will only pay the contracted rate.

8. Maximum member responsibility.

9. Copayments apply per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be 12 times the retail cost or four times the mail-order cost. Member cost sharing for oral anti-cancer drugs shall not exceed \$200 per prescription for up to a 30-day supply. For HDHP plans, this \$200 maximum will not apply until after the deductible is met.

† HSA Qualified High Deductible Plan

* All services are subject to the deductible unless otherwise stated.

1. Medical or prescription services may be subject to a deductible. The member must pay for these services when services are rendered until the deductible is met in that calendar year. Charges under the deductible are based on WHA's contracted rates with the provider of service.
2. The annual out-of-pocket maximum is the total amount the member must pay for certain services in a calendar year.
3. There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.
4. Percentage copayment amounts are based on WHA's contracted rates with the provider of service.
5. See copayment summary for applicable prosthetic/orthotic device copayment amount.
6. See plan specific EOC for information on preventive services.
7. The deductible and annual out-of-pocket maximum amounts are embedded, i.e. each member in the family must meet the individual amount or the family must meet the family amount before benefits will apply for that member.

8. Maximum member responsibility.

9. Deductible waived for first three non-preventive care visits.

10. Limited to one pair of glasses with standard lenses or one pair of standard hard or six soft contact lenses instead of glasses.

11. Covered in full after out-of-pocket maximum is met.

12. Copayments do not contribute to out-of-pocket maximum

13. Regardless of medical necessity or generic availability, the member will be responsible for the applicable copayment when a Tier 2 or Tier 3 medication is dispensed. If a Tier 1 medication is available and the member elects to receive a Tier 2 or Tier 3 medication without medical indication from the prescribing physician, the member will be responsible for the difference in cost between the Tier 1 and the purchased medication in addition to the Tier 1 copayment. The amount paid for the difference in cost does not contribute to the out-of-pocket maximum.

† HSA Qualified High Deductible Plan

* All services are subject to the deductible unless otherwise stated.

1. Family Deductible: For any given Member, cost share applies either after he/she meets their individual Deductible, or after the entire family Deductible is met. The family Deductible can be met by any combination of amounts from any Member; however, no one Member may contribute any more than his/her individual Deductible toward the family Deductible.

2.
