

## CaliforniaChoice<sup>®</sup> Small Group Advantage PPO three-tier hospital network

With the CaliforniaChoice Advantage PPO plans, you have a choice of tiers (or levels) of hospitals to visit. Tier one hospitals offer the greatest savings to you. Tier two hospitals have the second best level of savings. Tier three hospitals — or out-of-network hospitals — offer the least out-of-pocket savings, but you'll still be covered. Keep in mind that the tier levels aren't based on the *quality* of care given at each hospital. They're based on which hospitals have shown they're better able to give quality care that's also cost effective.

Our three-tier levels\* are:

- *Tier 1* — PPO network hospitals with lower-negotiated hospital reimbursement rates.
- *Tier 2* — the remaining PPO network hospitals.
- *Tier 3* — non-network hospitals.

\* The tier levels are not based on the quality of care given at each hospital. Instead, each level stands for the hospitals that show the best use of health care dollars.
