Timely Access to Covered Health Care Services

Landmark will provide or arrange for the provision of covered health care services in a timely manner appropriate for the nature of a member's condition consistent with good professional practice. If a member needs language interpretation services, these services will be coordinated with scheduled appointments without delaying the scheduling of such appointments.

Landmark's appointment wait time standards are as follows:

Urgent Conditions: Appointment must be scheduled within twenty-four hours from the time of contact.

Routine Non-Urgent Conditions: Appointment must be scheduled within five (5) business days from the date of contact.

Rescheduling Appointments: If it is necessary for the provider or member to reschedule an appointment, the appointment shall be promptly rescheduled in a timely manner appropriate for the nature of an enrollee's condition consistent with good professional practice and that ensures continuity of care. Rescheduled appointments shall not exceed those defined appointment time frames for a routine non-urgent care or urgent care appointment as applicable to the member's health care needs.

Walk-ins: The member must be treated or interviewed immediately to determine the urgency of the condition. If the condition so warrants, the member must be given the first available appointment or, if the condition is urgent, the member must be seen immediately.

Appointment Waiting Times: The member must not wait more than fifteen (15) minutes from the appointed arrival time at the practitioner's office, provided the member arrived on time for their appointment.
