

About Login

The Employer eServices site is a secure site. Each user is required to enter a valid user ID and password on the login page. A user unsuccessfully attempting to gain access three consecutive times will have their access immediately revoked. In this event, contact your Administrator. If you do not have an Administrator, contact Employer eServices support.

You can bookmark the Employer eServices login page or identify the login page as a Favorite web address for easier access in future sessions. This will eliminate the need for you to manually type in the URL address each time you need to log into the site.
