The MinuteClinic¹ is a walk-in health care facility, generally inside CVS/pharmacy stores. MinuteClinics are staffed by nurse practitioners and physician assistants who provide unscheduled treatment for common non-emergency illnesses and injuries when your primary care physician is not available.

You can go to
www.minuteclinic.com

to get:

- a current list of locations,
- addresses and directions,
- clinic hours, and
- other important information.

Accessing care

You do not need prior authorization or a referral from your primary care physician or contracting physician group in order to obtain access to MinuteClinic services. Members traveling in another state which has a CVS/pharmacy with a MinuteClinic can access MinuteClinic covered services under the terms of the *Evidence of Coverage* (EOC). However, a referral from your contracting physician group or primary care physician is required for any specialist consultations recommended by the MinuteClinic medical staff.

You will receive a written summary at the conclusion of each MinuteClinic visit. With your permission, summaries of your MinuteClinic visit, regardless of visit type, are sent to your primary care physician. If you require a non-emergency referral to a specialist, you will be referred back to your primary care physician for coordination of such care.

Available services

Preventive care services that may be obtained at a MinuteClinic include services such as vaccinations; health condition monitoring for asthma, diabetes, high blood pressure, or high cholesterol; and wellness and preventive services including, but not limited to, asthma, cholesterol, diabetes and blood pressure screenings, pregnancy testing, and weight evaluations.

Non-preventive care services that may be obtained at a MinuteClinic include services such as the evaluation and diagnosis of:

- minor illnesses, including flu, pinkeye, allergy or sinus symptoms, body aches, and motion sickness prevention;
- minor injuries, including blisters, burns, sprains (foot, ankle or knee), and wounds and abrasions; and
- minor skin conditions, such as minor infections, rashes, sunburns, wart treatment, or poison ivy.

Services or supplies obtained from a MinuteClinic that are not specified as covered in your EOC are excluded. MinuteClinics are not intended to replace your primary care physician or specialist physician as your primary source for regular monitoring of chronic conditions.
