## HMO Footnotes

<sup>1</sup>Preventive care services are covered for children and adults based on guidelines from the U.S. Preventive Services Task Force Grade A and B recommendations; the Advisory Committee on Immunization Practices (ACIP) that have been adopted by the Centers for Disease Control and Prevention (CDC); and the guidelines for infants, children, adolescents, and women's preventive health care as supported by the Health Resources and Services Administration (HRSA).

<sup>2</sup>Listed cost share is for services provided through Babylon; For all other providers, telehealth cost share mirrors in-person cost share based on type of service provided.

<sup>3</sup> MinuteClinics are not located in all California counties. Refer to [www.minuteclinic.com](http://www.minuteclinic.com) for the most up-to-date locations.

<sup>4</sup>The three prescription drug tiers are: Tier 1 – Most generic drugs and low-cost preferred brands. Tier 2 – Non-preferred generic drugs; preferred brand-name drugs; or drugs recommended by the plan's Pharmacy & Therapeutics (P&T) Committee based on drug safety, efficacy and cost. Tier 3 – Non-preferred brand-name drugs; drugs recommended by the P&T Committee based on drug safety, efficacy and cost; or drugs that generally have a preferred and often less costly therapeutic alternative at a lower tier. The Essential Rx Drug List is a list of prescription drugs that are covered by this plan. Some drugs require prior authorization from Health Net. For a copy of the Essential Rx Drug List, go to Health Net's website.

<sup>5</sup> Tier 4 drugs when: the Food and Drug Administration (FDA) or drug manufacturer limits distribution to specialty pharmacies; or self-administration requires training, clinical monitoring; or the drug was manufactured using biotechnology; or the plan's cost (net of rebates) is greater than \$600. Self-injectable drugs (other than insulin) are considered specialty drugs. Specialty drugs require prior authorization and must be obtained from a contracted specialty pharmacy vendor.
