Up to two workplace voluntary benefits can receive a discount. Ask your Humana sales representative for details on what products are included in this program and discount eligibility requirements.

To receive applied savings, all eligible benefits must remain in force. Products may be added off the renewal time period, however any additional premium discount will be applied upon next renewal period. Discounts will be withdrawn when coverage terminates. Discounts may be adjusted based on the number of benefits in force.

Short-term or long-term disability, or a combination of these two, count as one product for the purpose of this program.

Life insurance plans qualifying for incentives must completely replace existing life plans or must be added to customers with no prior life coverage. Customers cannot add an additional life policy to their existing life benefit and qualify for this program.

Customers who have existing basic and supplemental life with another carrier must place both the basic and supplemental life with Humana to qualify for bundling savings. AD&D coverage doesn't qualify for a separate line of coverage. To qualify for bundling savings on life coverage, all employees offered the lead product must also be offered basic life coverage.

The premium discounts listed apply to fully insured business and cannot be combined with other discount offers. Ask your Humana sales representative for details and discounts that apply to administrative services only plans.
