

Updates to your prescription benefits

Effective January 1, 2018

Within the SignatureValue formulary, medications are grouped by tier. The tier indicates the amount you pay when you fill a prescription. Please reference this chart as you review the following updates. Most options listed are available in Tier 1, your lowest cost option.

If your medication is listed below, you may continue taking it, but you may pay a higher cost. We encourage you to discuss the listed lower-cost option(s) that may also treat your condition with your doctor. Most options listed are available in Tier 1, your lowest-cost tier, and may have a clinical program in place.

\$
Tier 1

Your lowest-cost medications

\$\$
Tier 2 and 3*

Your mid-range cost medications

\$\$\$
Tier 4**

Your highest-cost medications

* Tier 3 and 4 medications are non-formulary for plans with a 2-tier managed benefit design

** Tier 4 medications are on Tier 3 for plans with a 3-tier benefit design

Medications moving to a lower tier.

The following medications are moving to a lower tier, making them more affordable.

Therapeutic Use	Medication Name	Tier Placement
