A BETTER DECISION

Your Mail Order Pharmacy

The benefits of using mail order

How would you like the convenience of having your prescription medications delivered directly to your home or office, saving you time and trips to a participating retail pharmacy. Using your mail order pharmacy benefit may even save you money! With mail order, you may be able to receive up to a 3-month supply of your medication at significantly less than you would pay at a participating retail pharmacy.

By using the mail order pharmacy you can:

- Receive an extended supply of your prescription medications
- Enjoy the convenience of having your medications delivered to a location of your choice – home, office, vacation spot
- Speak to a registered pharmacist 24 hours a day, seven days a week
- Order medications and get health information online at www.healthnet.com

Getting Started

If you need your prescription filled right away, ask your doctor to write two prescriptions for your medication:

- The first for a short-term supply (e.g., 30-days) to be filled right away at a retail pharmacy

- The second for the maximum days supply allowed (up to a 3-month supply) with as many as three refills (if appropriate) to be mailed to the Caremark Mail Order Pharmacy

If you're not in a hurry, just mail your prescription for a 3-month supply (with any appropriate refills) to Caremark.

Filling Out the Mail Service Order Form

Follow these five easy steps to fill out your mail service order form:
