The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, https://www.aetna.com/sbcsearch/getpolicydocs?u=080900-080020-031894 or by calling 1-866-529-2517. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary/ or call 1-866-529-2517 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-network: Individual $2,000 / Family $4,000.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Certain office visits, preventive care, emergency care, urgent care and outpatient hospital services in-network.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. For prescription drug expenses - In-network: Individual $200 / Family $400. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	In-network: Individual $7,550 / Family $15,100.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See http://www.aetna.com/docfind or call 1-866-529-2517 for a list of in-network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

HMO Deductible Silver

Supplemental Information **Coverage for:** Employee + Family | **Plan Type:** HMO

How is the overall deductible or out-of-pocket limit met?	Individual **deductible** and **out-of-pocket limit** payments apply to the family **deductible** and **out-of-pocket limit**.	The family **deductible** and family **out-of-pocket limit** are cumulative for all family members. The family **deductible** and **out-of-pocket limit** can be met by a combination of family members; however no single individual within the family will be subject to more than the individual **deductible** or **out-of-pocket limit** amount.

How your out-of-network care is reimbursed:

Your **plan** does not cover care you get outside of our **network**. Generally, we will not pay anything for that care. But your **plan** will pay for **emergency services** you receive from health care **providers** not in our **network**. Your cost sharing – **deductibles**, **coinsurance**, **copayments** – will be the same as if you got the care in-network. You are not responsible for paying anything else. If you get a bill for anything more, contact us.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a licensed pharmacy subsidiary of Aetna Inc., that operates through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacy's cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.
