† HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

1. Family Deductibles and Out-of-Pocket Maximum (OOPM) values are equal to two times the individual values. Except for HDHPs, an individual in a Family plan, is only responsible for the single Deductible amount and the single OOPM amount. Except for optional benefits, if elected, Deductibles and other cost sharing payments made by each individual in a Family contribute to the Family Deductible and OOPM. Each individual Family Member is responsible for the amounts listed for any one Member in a Family of two or more Members until the Family as a whole meets the Family Deductible or OOPM. Once the Family as a whole meets the Family OOPM, the plan pays all costs for Covered Services for all Family Members. For HDHPs, in Family coverage, an individual Family Member's payment toward a Deductible, if required, must be the higher of the specified Deductible amount for individual (self only) coverage or \$2,700 for the 2018 benefit year. Once an individual Family Member's Deductible is satisfied, that individual will only be responsible for the cost sharing listed for each service. Other Family Members will be required to continue to contribute to the Deductible until the Family Deductible is met. In Family coverage, an individual Family Member's out of pocket contribution is limited to the individual (self only) annual OOPM amount.
2. Cost sharing amounts for all essential health benefits, including those applied to deductible, accumulate toward the out-of-pocket maximum.
3. Member cost sharing for oral anti-cancer drugs shall not exceed \$200 per prescription per 30-day supply. For HDHP Plans, this applies after the deductible is met. Copays apply per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. A 100-day supply is available, at twice the 30-day Copay price, through the mail-order form. Prescription drug deductibles or Copays contribute toward the annual deductible (as applicable) and out-of-pocket maximum.
4. Medications prescribed for sexual dysfunction are subject to prior authorization, have a 50% cost share, and some are limited to 8 doses per 30-day supply.
5. See plan specific EOC for information on preventive services.

6. Pediatric eye exam and glasses or contact lenses are provided annually for members through the end of the month in which the member turns 19 years of age as part of the essential health benefit for pediatric vision.
7. Standard: 1 pair per year; Monthly: 6 pair per year; Bi-Weekly: 6 pair per year; Dailies: 1 month supply per year.
8. Non-specialist Practitioner office visits includes Therapy Visits, other office visits not provided by either Primary Care or Specialty Physicians or not specified in another benefit category. Member cost-sharing will be charged as a separate copay from a preventive service during an office visit.
9. Maximum member responsibility.
10. Individual with self-only coverage amount / Individual with family coverage amount / Family coverage amount.
11. Inpatient Mental/Behavioral Health/SUD Services include: inpatient psychiatric hospitalization; inpatient chemical dependency hospitalization, including detoxification; mental health psychiatric observation; mental health residential treatment; Substance Use Disorder Transitional Residential Recovery Services in a non-medical residential recovery setting; Substance Use Disorder Treatment for Withdrawal; inpatient Behavioral Health Treatment for Pervasive Developmental Disorder (PDD) and autism.
12. Mental/Behavioral Health/Substance Use Disorder (MH/SUD) other outpatient services include: mental health psychological testing; mental health outpatient monitoring of drug therapy; Substance Use Disorder Treatment for Withdrawal; day treatment such as partial hospitalization and intensive outpatient program; outpatient Behavioral Health Treatment for Pervasive Developmental Disorder and autism. These and other MH/SUD services that fall between inpatient care and regular outpatient office visits may have a different cost share.

- See copayment summary for applicable prosthetic/orthotic device copayment amount.
- See plan specific EOC for information on preventive services.
- Limited to one pair of glasses with standard lenses or one pair of standard hard or six soft contact lenses instead of glasses.
- Maximum member responsibility.
- For Specialty drugs, please see plan specific EOC.
- The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.
- When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services (except infertility services) for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.

- In instances where the contracted rate is less than your copayment, you will pay only the contracted rate.
- The deductible and annual out-of-pocket maximum amounts are embedded, i.e. each member in the family must meet the individual amount or the family must meet the family amount before benefits will apply for that member.
- Copayments do not contribute to out-of-pocket maximum.
- Regardless of medical necessity or generic availability, the member will be responsible for the applicable copayment when a Tier 2 or Tier 3 medication is dispensed. If a Tier 1 medication is available and the member elects to receive a Tier 2 or Tier 3 medication without medical indication from the prescribing physician, the member will be responsible for the difference in cost between the Tier 1 and the purchased medication in addition to the Tier 1 copayment. The amount paid for the difference in cost does not contribute to the out-of-pocket maximum.

13. In a family plan, an individual in a self-only coverage plan must meet the Self-Only Deductible. In a family plan, each individual in the family must meet the Individual Deductible, until the Family Deductible is met. The Out-of-Pocket Maximum includes the deductible, copayments and coinsurance.
