

What is a benefit summary?

This is a summary of what the plan does and does not cover. This summary can also help you understand your share of the costs. It's always best to review your Certificate of Coverage (COC) and check your coverage before getting any health care services, when possible.

What are the benefits of the Select Plus Plan with an HSA?

Get network freedom and an HSA.

A network is a group of health care providers and facilities that have a contract with UnitedHealthcare. You can receive care and services from anyone in or out of our network, but you save money when you use the network. You can save money when you use the health savings account (HSA) and the network.

- > **There's coverage if you need to go out of the network.** Out-of-network means that a provider does not have a contract with us. Choose what's best for you. Just remember out-of-network providers will likely charge you more.
- > **There's no need to choose a primary care provider (PCP) or get referrals to see a specialist.** Consider a PCP; they can be helpful in managing your care.
- > **Preventive care is covered 100% in our network.**
- > **You can open a health savings account (HSA).** An HSA is a personal bank account to help you save and pay for your health care, and help you save on taxes.

What is co-insurance?

Co-insurance is the amount you pay each time you receive certain Covered Health Care Services calculated as a percentage of the Allowed Amount (for example, 20%). You pay co-insurance plus any deductibles you owe. Co-insurance is not the same as a co-payment (or co-pay).

What is a co-payment?

A Co-payment is the amount you pay each time you receive certain Covered Health Care Services calculated as a set dollar amount (for example, \$50). You are responsible for paying the lesser of the applicable Co-payment or the Allowed Amount. Please see the specific Covered Health Care Service to see if a co-payment applies and how much you have to pay.

What is Prior Authorization?

Prior Authorization is getting approval before you receive certain Covered Health Care Services. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However there are some Benefits that you are responsible for obtaining authorization before you receive the services. Please see the specific Covered Health Care Service to find services that require you to obtain prior authorization.

Your Co-payment and/or Co-insurance is determined by the tier to which the Prescription Drug List (PDL) Management Committee has assigned the Prescription Drug Product. All Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2, Tier 3 or Tier 4. Find individualized information on your benefit coverage, determine tier status, check the status of claims and search for network pharmacies by logging into your account on myuhc.com® or calling the Customer Care number on your ID card.

Out-of-Pocket Limit does not apply to Ancillary Charges.

A deductible and out-of-pocket limit may apply. Please refer to the medical plan documents for the annual deductible and out-of-pocket limit amounts, which include both medical and pharmacy expenses. This means that you will pay the full amount we have contracted with the pharmacy to charge for your prescriptions (not just your co-payment), until you have satisfied the deductible. Once the deductible is satisfied, your prescriptions will be subject to the co-payments outlined below. If you reach the out-of-pocket limit, you will not be required to pay a co-payment.

This summary of Benefits is intended only to highlight your Benefits for Outpatient Prescription Drug Products and should not be relied upon to determine coverage. Your plan may not cover all of your Outpatient Prescription Drug expenses. Please refer to your Certificate of Coverage for a complete listing of services, limitations, exclusions and a description of all the terms and conditions of coverage. If this description conflicts in any way with Certificate of Coverage, the Certificate of Coverage shall prevail.

Benefit Plan Co-payment/Co-insurance - The amount you pay for Prescription Drug Products.

* Only certain Prescription Drug Products are available through mail order; please visit myuhc.com[®] or call Customer Care at the telephone number on the back of your ID card for more information. If you choose to opt out of Mail Order Network Pharmacy but do not inform us, you will be subject to the Out-of-Network Benefit for that Prescription Drug Product after the allowed number of fills at the Retail Network Pharmacy.

An Ancillary Charge may apply when a covered Prescription Drug Product is dispensed at your or the provider's request and there is another drug that is Chemically Equivalent. When you choose the higher cost drug of the two, you will pay the difference between the higher cost drug and the lower cost drug in addition to your Co-payment and/or Co-insurance that applies to the lower cost drug. The Ancillary Charge may not apply to any Out of Pocket Limit.

Other Important Information about your Outpatient Prescription Drug Benefits

The amounts you are required to pay is based on the Prescription Drug Charge for Network Benefits and the Out-of-Network Reimbursement Rate for out-of-Network Benefits. For out-of-Network Benefits, you are responsible for the difference between the Out-of-Network Reimbursement Rate and the out-of-Network Pharmacy's Usual and Customary Charge. We will not reimburse you for any non-covered drug product.

For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lowest of the applicable Co-payment and/or Co-insurance, the Network Pharmacy's Usual and Customary Charge for the Prescription Drug Product or the Prescription Drug Charge for that Prescription Drug Product. If the Usual and Customary Charge (retail price) of the Prescription Drug Product is less than the applicable co-payment, you are responsible for paying the retail price. For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of the applicable Co-payment and/or Co-insurance or the Prescription Drug Charge for that Prescription Drug Product. See the Co-payments and/or Co-insurance stated in the Benefit Information table for amounts.

For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit. You may request a pharmacist to dispense partial fill on a prescription for an oral, solid dosage Schedule II controlled Prescription Drug Product, and we will prorate your cost sharing for the partial fill. Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change.

Specialty Prescription Drug Products supply limits are as written by the provider, up to a consecutive 31-day supply of the Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits, or as allowed under the Smart Fill Program. Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, an out-of-Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Certain Prescription Drug Products for which Benefits are described under the Prescription Drug Schedule of Benefits or Pharmaceutical Products for which Benefits are described in your Certificate are subject to step therapy requirements. Step therapy is a process whereby Prescription Drug Products or Pharmaceutical Products are filled with an effective, but more affordable medication. When appropriate, a more costly medication can be authorized if the Prescription Drug Product or Pharmaceutical Product is not effective in treating the Covered Person's condition. Step therapy is designed to encourage the use of cost-effective Prescription Drug Products or Pharmaceutical Products when appropriate. If the Covered Person's Physician determines that a Prescription Drug Product is or Pharmaceutical Product subject to the step therapy requirements is not medically appropriate or is not satisfactorily treating the Covered Person's condition, the Physician can request an exception to the step therapy process by contacting us at www.unitedhealthcareonline.com. In the case of a standard exception request, we will notify the Covered Person or the Covered Person's designee or the Covered Person's prescribing provider of the Benefit determination no later than 72 hours following receipt of the request. When we grant a standard exception request, we will provide coverage of the Prescription Drug Product for the duration of the prescription, including refills. In the case of an expedited exception request based on exigent circumstances, we will notify the Covered Person or the Covered Person's designee or the Covered Person's prescribing provider of the Benefit determination no later than 24 hours following receipt of the request. When we grant an exception based on exigent circumstances, we will provide coverage of the Prescription Drug Product (including refills) for the duration of the exigency. Exigent circumstances exist when a Covered Person is suffering from a health condition that may seriously jeopardize the Covered Person's life, health, or ability to regain maximum function or when the Covered Person is undergoing a current course of treatment using a Prescription Drug Product that is not on the Prescription Drug List (PDL). External exception request review. If we deny a request for a standard exception or for an expedited exception, the Covered Person, the Covered Person's designee, or the Covered Person's prescribing provider may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. A denial of a request for an exception is subject to Independent Medical Review (IMR). The IMR process is described under Section 6: Questions, Complaints and Appeals. The Independent Medical Review Organization will make a determination on the external exception request and notify the Covered Person or the Covered Person's designee and the prescribing provider of the Benefit determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception request. If the Independent Medical Review Organization grants an external exception review of a standard exception request, we will provide coverage of the Prescription Drug Product that is not on the Prescription Drug List (PDL) for the duration of the prescription. If the Independent Medical Review Organization grants an external exception review of an expedited exception request, we will provide coverage of the Prescription Drug Product that is not on the Prescription Drug List (PDL) for the duration of the exigency. Per CIC § 10123.191(b) of the California Insurance Code, if the insurer fails to respond to the prescribing provider within the prescribed time limits, the request is deemed granted. If the Covered Person is changing policies, we will not require the Covered Person to repeat step therapy when the Covered Person is already being treated for a medical condition by a Prescription Drug Product provided the Prescription Drug Product is appropriately prescribed and considered safe and effective for the Covered Person's medical condition. However, we may impose a prior authorization requirement for the continued coverage of a Prescription Drug Product prescribed pursuant to step therapy requirements imposed by the former policy. The prescribing provider may also prescribe another Prescription Drug Product covered under this Policy that is medically appropriate for the Covered Person's medical condition. You may determine whether a particular Prescription Drug Product or Pharmaceutical Product is subject to step therapy requirements through the internet at www.myuhc.com[®] or by calling the telephone number on your ID card. A request for an exception to the step therapy requirements may be submitted in the same manner as a request for prior authorization for Prescription Drug Products as described in Prior Authorization Requirements of this Outpatient Prescription Drug Schedule of Benefits.

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee to determine whether the Prescription Drug Product is in accordance with our approved

guidelines and it meets the definition of a Covered Health Care Service and is not an Experimental or Investigational or Unproven Service. We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

If you require certain Prescription Drug Products including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you choose not to obtain your Prescription Drug Product from the Designated Pharmacy, you may opt-out of the Designated Pharmacy program by contacting us at myuhc.com[®] or the telephone number on your ID card. If you want to opt-out of the program and fill your Prescription Drug Product at a non-Designated Pharmacy but do not inform us, you will be responsible for the entire cost of the Prescription Drug Product and no Benefits will be paid. If you are directed to a Designated Pharmacy and you have informed us of your decision not to obtain your Prescription Drug Product from a Designated Pharmacy, you may be subject to the Out-of-Network Benefit for that Prescription Drug Product. For a Specialty Prescription Drug Product, if you choose to obtain your Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, you may be subject to the Non-Preferred Specialty Network Co-payment and/or Co-insurance.

You may be required to fill the first Prescription Drug Product order and obtain 2 refills through a retail pharmacy before using a mail order Network Pharmacy.

Certain PPACA Zero Cost Share Preventive Care Medications that are obtained at a Network Pharmacy with a Prescription Order or Refill from a Physician are payable at 100% of the Prescription Drug Charge (without application of any Co-payment, Co-insurance, Annual Deductible, or Annual Drug Deductible) as required by applicable law. You may find out if a drug is a PPACA Zero Cost Share Preventive Care Medication by contacting us at myuhc.com[®] or the telephone number on your ID card.

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy. The Outpatient Prescription Drug Schedule of Benefits will tell you how mail order Network Pharmacy and Preferred 90 Day Retail Network Pharmacy supply limits apply. Please contact us at myuhc.com[®] or the telephone number on your ID card to find out if Benefits are provided for your Prescription Drug Product and for information on how to obtain your Prescription Drug Product through a mail order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy.
