

The advantage is clear

Our mission is helping people live healthier lives, and a big part of that is providing our members with the information and resources they need to make educated decisions about their health and health care. Better information. Better decisions. Better health to help them live healthier lives.

Advantage HMO – a plan with built-in cost controls

We designed the Advantage1 HMO plan around those principles. We created a special network of physicians and facilities, all selected for their ability to help keep health care costs down while delivering care that meets national standards. This medical group network has more than 34,000 primary care physicians and specialists, and more than 248* hospitals, evaluated on many cost and quality factors, including 11 measurements such as provider scores on preventive health screenings, childhood immunizations and member satisfaction.

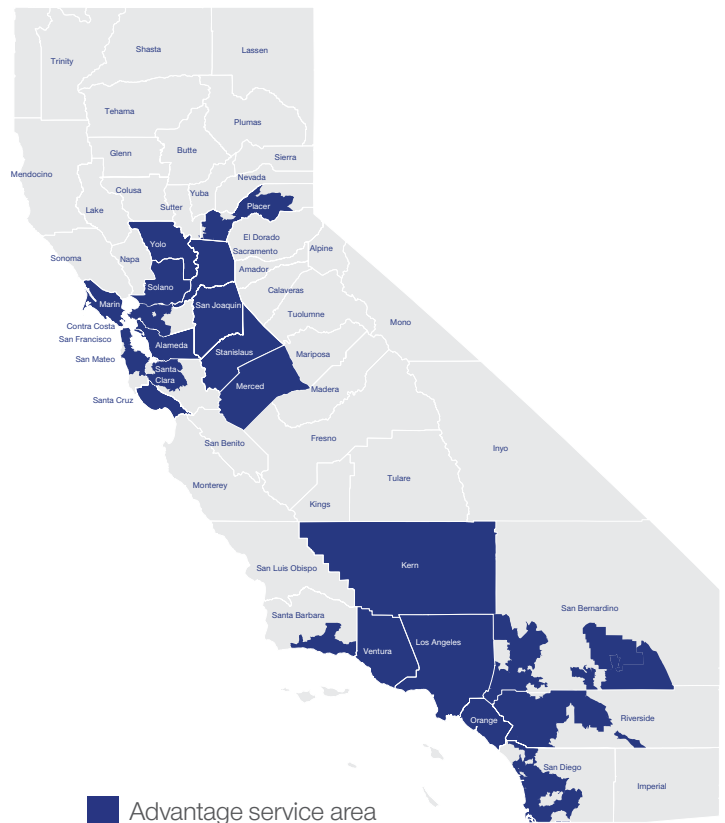

Members enrolled in the Advantage plan:

- Select a primary care physician (PCP) to help manage their general health care needs
- Need a referral to see a specialist
- Have access to a wide range of health and wellness programs

The plan covers a wide geographic region

The Advantage plan’s participating medical groups provide services to our members in Alameda, Contra Costa, Kern, Los Angeles, Marin, Merced, Orange, Placer, Riverside, Sacramento, San Bernardino, San Diego, San Francisco, San Joaquin, Santa Barbara, Santa Clara, Santa Cruz, Solano, Stanislaus, Ventura and Yolo Counties.

Advantage network map

* As of November 2021

† Formal HMO product name: Advantage = UnitedHealthcare SignatureValue® Advantage.

This is current as of the date of publication. We update our directories periodically, but we cannot guarantee the length of participation of the physicians and other providers in our network. Please verify a doctor’s participation status by calling the Customer Service department or by visiting myuhc.com®.
