

Standard Select Pharmacy Network with Walgreens

The **Standard Select Walgreens Network** is our best value offering for optimized savings and nationwide member access. This network provides more aggressive discounts with minimal member shift and access to approximately 50,000² retail pharmacies. This network is anchored by Walgreens³ retail pharmacies, along with other major chains, mass merchants, grocers, small chains, Pharmacy Services Administration Organizations (PSAOs), and independent pharmacies. The Standard Select Walgreens Network includes a 90-day component but can also be stacked with our Walgreens90 program for maintenance medications.
