

# More Connected, More in Control

Unlock the potential of **vsp.com**.

## For You

Save time and easily manage your VSP benefit with the VSP Clients & Benefit Managers Resource Center\*. It's easy to use and you can access it online any time.

### Eligibility Management

Update your membership in real time. You can add or terminate members; transfer members to another division; and view and update members' coverage and personal details.

### Online Billing

View and pay your VSP bill online, save postage and the environment, and be notified when your bill is ready to view.

### Doctor Directory

Search for VSP doctors by city, state, or zip code, and create customized directories for your employees based on any address.

## For Your Members

Members who know and understand their benefits make the most of their coverage. Count on vsp.com as a resource for your members.

### Check Eligibility and Benefits

Members learn when they can receive services, exactly what's covered, and what the copay will be. Each benefit is described in an easy-to-read format.

### Find a Doctor

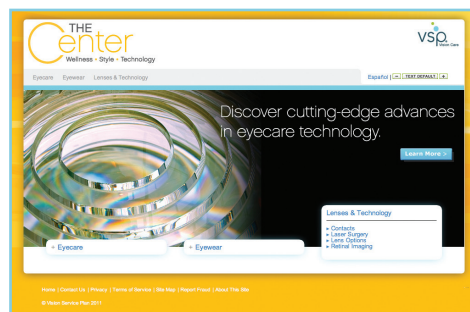

Members can search our national doctor network from any address. Search results provide office hours, additional services and languages, a printable map, and driving directions.

### View Savings

After their appointment, members can see how much they saved with their VSP coverage.

## For Everyone

You and your members can learn about eye health, browse the latest designer frames, and take advantage of exclusive offers at The Center on vsp.com:

### Raise Your EyeQ

Read eyecare articles and watch videos about eye health, glasses, contact lenses, and more. Play interactive games, download children's coloring pages, and quiz yourself on eye facts.

### Focus on Fashion

View the latest designer optical and sunwear collections carried by VSP Preferred Providers.

### Save, Save, Save

Check out special offers and rebates on contact lenses, Transitions® lenses, LASIK surgery, and more.

\*Because the Resource Center is customized to your needs, some tools may not be available.
