Employer Eligibility/ Employee Eligibility	<ul style="list-style-type: none"> • Employer must have at least one, but not more than 100, permanent, active, full-time employees for 50 percent of the preceding calendar quarter, or preceding calendar year. A permanent employee is actively engaged on a full-time basis in the conduct of the business of the small employer with a normal workweek of an average of at least 30 hours over the course of a month, in the small employer's regular place of business, who has met any statutorily authorized applicable waiting period requirements. • The definition of small employer, for purposes of determining employer eligibility in the small employer market, shall be determined using the method of counting full-time employees and full-time equivalent employees. • Business must be located in licensed service area to be eligible for the products in that area. The majority (51 percent) of all eligible employees must be employed in the state of California. The group employs at least one but not more than 100 employees. In determining group size, companies that are affiliated companies and that are eligible to file a joint tax return for purposes of state taxation shall be considered one employer. The group needs to be actively engaged in business or service at least 50 percent of the preceding calendar quarter. The group must have and maintain business licensure and/or appropriate state filings allowing the company to conduct business in the state of California. Not have formed primarily for the purposes of obtaining health insurance. All employer groups are required to have a workers' compensation policy for their employees. • There can only be one employer group per group benefit agreement/policy. Multiple employer groups that meet the definition of a single group employer under AB 1672/SB 125 are counted as a single employer group. NOTE: Owners of multiple corporations may not combine those corporations under a single UnitedHealthcare agreement unless they are eligible to file a combined tax return for the purposes of state taxation meeting the definition of one employer as defined in AB 1672/SB 125. UnitedHealthcare will require copies of the filed/stamped Statement of Information reflecting all officer/owners, or signed/dated Partnership Agreements listing all partners' names, and a letter from the employer's CPA stating that all business entities are eligible to file a combined tax return and submission of a completed and signed Common Ownership Certificate form. UnitedHealthcare underwriting determination of whether or not there is one responsible employer will be final. • The maximum waiting period for newly hired employees to become eligible for medical benefits is 90 days. • Employer may elect to waive their selected employee waiting period at the time of initial case issue only, but have the option to change their waiting period once a year at case renewal. • All employer groups are required to have a workers' compensation policy for their employees. This insurance requirement is mandatory even if you only have one part-time employee. Companies based out of state with employees hired in California must also have a California workers' compensation policy. • Eligible employees are permanent employees who work on a full-time basis in the conduct of the business of the small employer with a normal work week of an average of at least 30 hours, and whose duties in such employment are performed in the small employer's regular place of business, or be a sole proprietor, corporate officer, or a partner of a partnership engaged on a full-time basis, work an average of at least 30 hours a week over the course of a month, in the employer's regular place of business. Spinoff groups policy

Category	Explanation / Requirements
What is a spinoff group?	A spinoff group is a company that is being formed from employees of an existing company branching out on their own, thus forming a new group. The employees forming this company are no longer employed by the larger company and are applying for coverage on their own under a new policy/agreement.
What information needs to be sent when a spinoff group is submitted and how do we review a spinoff group?	<p>The group must be spinning off of an existing UnitedHealthcare group and is subject to the following:</p> <p>Although these types of spinoff groups are newly formed, they are not subject to the 50 percent of the preceding calendar quarter/year rule. All spinoff groups, including the spinoff group as well as the group it is spinning off from, must be reviewed and approved by Underwriting. This may result in adjustments to rates and/or bill type.</p> <p>The following requirements need to be included in every submission:</p> <ul style="list-style-type: none"> • Case Submission Cover Page (1-100) • Completed Employer Group Application for the new group • Current State Wage & Tax, current two weeks or quarterly payroll report. Refer to the applicable Proof of Ownership, Quarterly Wage Report and Payroll Record Requirement Guidelines • A letter, on company letterhead, that explains the request and effective date • Employee Enrollment Forms and Declinations for all Eligible Employees • Group Acceptance Form for the new group • Binder Premium Check • These groups will not be considered under Start-Up groups

Acquisition guidelines

The following information is needed to review the acquisition:

- Letter from group with the explanation of request and effective date
- Completed Group Application
- Completed Employee Enrollment Forms or waivers
- Proof of the acquisition (acquisition agreement)
- Proof of Ownership (newly formed articles, purchase agreement, or tax documentation documenting the acquisition)
- Current carrier census/plan and current carrier bill
- Copy of the current QWR, or two weeks or quarterly of payroll reports

Start-up Groups

A start-up group must meet all small group requirements except for the length of time in business. Unitedhealthcare will consider start-up groups that have been in business for at least six weeks with payroll. Evidence of time in business must be supported by payroll records. The payroll records must cover the six weeks preceding the requested effective date for at least one eligible employee. Acceptable payroll must include:

- Company name
- Dates of pay periods
- Employee names, wages paid, withholdings, and grand totals
- The payroll submitted must be copies of each payroll register for each pay period covered Individual payroll/pay stubs, estimated payroll, payroll summaries, or handwritten journals are not acceptable.

The group must have and must maintain the business licenses and/or appropriate state filings allowing the company to conduct business in the state of California.

Professional employer organization (PEO) guidelines

Underwriting Guidelines for Small Business groups (1-100) terminating their PEO Arrangement:

PEO or leased employees are considered employees of the PEO company. Employers who utilize the services of a PEO generally do not meet the definition of a small employer as the transfer of employees to the PEO in effect severs the employer/employee relationship. As a result, UnitedHealthcare will not consider these employers eligible for coverage under the small group book of business.

An employer group that dissolves its relationship with the PEO and reestablishes the employer/employee relationship will be considered for small group coverage with a coverage date on or after the termination date of the PEO arrangement. The employer group must meet the definition of an AB 1672/SB 125 employer and must have maintained 1-100 employees for 50 percent of the previous calendar quarter or 50 percent of the previous calendar year in order to be considered guaranteed issue.

Submission Requirements: In addition to all other standard new business documentation/paperwork, the following is also required from groups applying that have terminated their PEO arrangements.

1. A copy of the prior carrier bill from the PEO with employee census confirming prior coverage.
2. A copy of the contract termination letter sent from the PEO to the client (employer) business. This letter is generated by the PEO and verifies the cancellation of the leasing arrangement as well as the cancellation date.
3. At least two weeks of payroll from a legitimate payroll company for the employer group. The payroll must be issued in the name and Tax Identification Number of the individual employer group, not the PEO. In the event a DE 9C or payroll is unavailable, groups must provide the following:
 - A copy of six weeks of charge back invoices from the PEO to establish AB 1672/SB 125 for a 1-100 small employer, and
 - A copy of the PEO Benefit Register or prior carrier bill so preexisting will not be applied.
 - A letter from the company owner/officer stating the following: the company has canceled its contract with the PEO and the effective date of cancellation; approval is contingent upon UnitedHealthcare receiving, within 45 days of the effective date, 30 days of payroll records for all employees; and UnitedHealthcare reserves the right to rescind or non-renew coverage if payroll documentation is not provided in a timely manner, or it does not meet UnitedHealthcare criteria for enrollment eligibility.
 - Groups are still subject to normal new business requirements, including but not limited to, business owner documentation and/or applicable tax forms, prior carrier billing, etc.

The employer group must have offered the employees health insurance previously through the PEO. UnitedHealthcare will not consider the employer group eligible until the employer can meet the definition of a small group employer by satisfying the previous calendar quarter/year test.

Underwriting Guidelines for Small Groups with a PEO Arrangement for payroll purposes only:

A small group employer that utilizes the services of the PEO for payroll purposes alone and the PEO otherwise does not act as a “co-employer,” UnitedHealthcare will offer coverage to the small group client company without requiring the employer to terminate their PEO contract.

1. UnitedHealthcare will only enter into a contract with the “client company” (the employer group) of the PEO.
2. The client company must meet the definition of a 1-100 small employer depending upon the benefit coverage request.
3. Only an officer of the client company may enter into, and sign, the insurance contract; it cannot be signed by the PEO and/or PEO “co-employer.”
4. UnitedHealthcare must be the sole provider of health insurance.
5. If the employer group currently has UnitedHealthcare health coverage offered or sponsored through a PEO that is covered as an active UnitedHealthcare mid-market group (ADP or Administaff, for example), they will not be considered eligible for coverage as a separate small employer unless they terminate their PEO relationship.
6. To qualify on a guaranteed issue basis, the group must meet the criteria outlined in the Employer/Employee Eligibility section on Pages 1-2.

Professional employer organization (PEO) guidelines

Submission Requirements: In addition to all other standard new business documentation/paperwork, the following is also required from groups applying with PEO arrangements for payroll purposes only:

1. UnitedHealthcare will accept documentation from the PEO or payroll record service that is issued on behalf of the individual employer.
2. This documentation must be in the form of a payroll report from a legitimate payroll record service, issued in the name and Tax Identification Number of the individual employer group. The payroll records may not contain employees of any other PEO client company.
3. Presuming the group can provide the “employer-specific” wage/tax or payroll documentation, it will be considered eligible to apply for small group coverage and will not be required to terminate its PEO contract.
4. If the group cannot provide the specific wage/tax or payroll noted above, a “co-employer” relationship with the PEO will be determined to exist and the client company will not be eligible to apply unless/until the PEO Contract is terminated.

Exclusions and coverage limitations are detailed in the *Certificate of Coverage/Evidence of Coverage*. If this document conflicts in any way with the *Certificate of Coverage/Evidence of Coverage*, the *Certificate's* provisions prevail.

Multi-site quick reference

To determine the Base Location State (BL) for a new group, count all enrolling employees in all locations (including commonly owned affiliate locations, if applicable). The following represents the order of priority for determining the Base Location state. Employees are considered to be “employed” in a particular state based on the information reported by the policyholder/ employer in the applicable Wage & Tax Statement(s).

1. The state where the MAJORITY (>50%) of enrolling employees are employed.
2. If no majority exists, the BL is the state where the PLURALITY (i.e., most) of enrolling employees are employed.
3. If no majority or plurality exists, use the employer’s PRIMARY BUSINESS LOCATION (PBL) to determine BL.
 - a. Primary Business Location is where the business has filed their Articles of Incorporation. There may or may not be an actual physical building in the state where the Articles of Incorporation have been filed.
 - b. If the PBL represents <10% of the enrolled employees, please contact your Sales Executive for guidance.
4. Once the BL has been established:

Review the BL state definition for small business and confirm that the group meets the definition of small business. If the group does not meet the applicable state’s definition of small business, please consult with your Sales Executive.

5. Other things to consider:
 - a. If possible, avoid using an employee’s residential address to determine BL.
 - b. If there is a conflict between these guidelines and state regulations, always defer to the state regulations.
 - c. Call your Sales Executive with questions or unique scenarios.

Note: COBRA employees are not counted for determining base employer location.
