

Connection Overview

Ease and Humana are partnering to make it easier to offer and manage medical, dental, vision, and basic life plans.

Direct Submission

Submit and send required enrollment data to Humana via EaseCentral. Adds, terms, and changes will be sent daily from EaseCentral to Humana.*

Simple Setup

Add the Humana plans you wish to offer via the connection to EaseCentral. EaseCentral will then generate policy numbers needed to configure the plans for the connection in the Marketplace Setup Wizard.

Create New Groups In One Place

You can add new groups to Humana via EaseCentral. After you submit enrollment data for a group to Humana, Humana will send an Employer Group Application back to EaseCentral. Once you approve this application, the group will be created in Humana.

How To Activate

To get started with the EaseCentral and Humana connection, please contact integrationsinfo@ease.com.

Only the following adds, terms, and changes are valid for this connection.

- *Adds: New Hire, Birth, Marriage, Loss of Coverage*
- *Terms: Divorce, Termination of Dependent Coverage, Termination of Employment*
- *Changes: Name, Address, Phone Number, Email Address, Date of Birth, Relationship Type, SSN*
