

Fact Sheet: Payroll Integrations

Payroll and benefits in sync

BENEFITS

- Ability to automate the benefit change process.
- One central, integrated system of record for benefits, online enrollment, and onboarding.
- Simple employee setup.

FEATURES

- Make open enrollment and benefit changes throughout the year.
- Automatically communicate any benefit changes to your payroll provider.
- Eliminate duplicate data entry. New employees set up with payroll providers will automatically flow to EaseCentral or new employees set up in EaseCentral will automatically flow to the payroll provider, depending on the partner.
- Use one of our robust integrations with ADP Workforce Now, TRAXPayroll, and Paylocity.
- Don't see your payroll provider in the list above? Ask your broker about our Payroll API.

Contact your broker or support@easecentral.com to integrate your payroll with EaseCentral.
