- A qualifying Large Group consists of 101+ eligible employees.
- New Group Sales Bonus shall be calculated quarterly for the period as follows: New Group Sale Bonus is equal to a one-time amount of thirty five dollars (\$35) for each member enrolled in the plan.

BROKER ELIGIBILITY

- Participating brokers must be in good standing with a current, signed Health Net broker contract and valid license, and any required applicable appointments with Health Net.
- Group split with another broker for commission purposes will be split for this bonus program.
- General agents are excluded from participation; the credit from group business submitted via a general agent will be credited to the individual broker.
- In the event a bonus was paid to the broker and not earned (i.e. any qualifying Large Group that cancels or is cancelled, e.g., for non-payment of premium, during the first twelve consecutive (12) months of plan term), one hundred percent (100%) of the unearned bonus will be subject to chargeback. This means the paid bonus will be offset against current or future bonuses and commissions payable to the broker until the chargeback is fully recovered.
- Bonus totals are determined 60 days after the end of each program quarter. Membership numbers as of the date of the qualifying period report are used to compute bonus payouts and will be considered final.
- Bonuses shall be payable in addition to any published Health Net Large Group bonus program in place during the same period.
