

Hassle-Free Specialty Care

Our Alliance Referral Program Eliminates Barriers & Expedites Care

A New Approach to Referrals

Our network simplifies referrals and gives members access to all Canopy Health’s providers, not just those in their primary care physician’s group. This means better, faster, and more affordable care from the Bay Area’s top specialists.

We Work Better Together

Our alliance partners work together to create a positive healthcare experience by referring patients to the best care at the best value. How? By moderating pricing, automating processes, and removing obstacles along the care continuum.

Easy, Automated Access to Specialists

- 1 Members meet with their primary care physician (PCP) to explore treatment options.
- 2 If a specialist is required, a member may request or their PCP will recommend the right specialist in the Canopy Health alliance.
- 3 Referral requests are processed quickly and efficiently through the Alliance Referral Program and members and providers are alerted to the referral. Common services offered by that specialist don’t require additional authorization.
- 4 The member is then able to schedule an appointment with the specialist’s office.

We’re Here to Help

If our members ever have any questions or need additional help with the Alliance Referral Program, our contact center provides real-time solutions that help eliminate barriers to care and expedite the referral process.
