

Oscar Primary Care helps you put your health first

(with virtual visits right from home)

Staying on top of your routine care with regular primary care provider visits helps you stay well. And we make it easy for you to get it on your terms. With Oscar Primary Care, you'll have a virtual care team dedicated to you and your health for the long haul. And virtual visits for \$0.*

Just log into the Oscar app and our virtual doctor's office will come to you through video, phone, or secure messaging. It's up to you.

A whole team is by your side

Your Oscar Primary Care team includes a licensed provider, a nurse, and a medical assistant. When something comes up, simply message your medical team right through the app and they'll be in touch.

Ongoing support for chronic conditions

Your team can also help you develop a tailored care plan and coordinate your care so you never miss anything. From ongoing diabetes management and resources to mental health support, and more.

Get in-person care whenever you need it

Sometimes to get a full picture of your health you'll need in-person care. When that time comes, we'll direct you to the right specialist, lab, or imaging facility in our network. Some screenings and tests may be available to be done in the comfort of your home too.

We're here for you, no matter what.
