In the Bay Area, we have a dual network:

- The Cigna LocalPlus® network provides a locally curated network of doctors, specialists, and hospitals that offer cost-effective medical care without sacrificing the quality employees expect. This dual network was designed with affordability and access in mind.
- The Cigna Open Access Plus network is broad and offers a discounted national network with 1,000,000+ doctors, specialists, and other professionals, and 17,000+ hospital and clinical facilities.* This network offers out-of-area coverage.

** Cigna provides access to virtual care through participating in-network providers. Not all providers have virtual capabilities. Cigna also provides access to virtual care through national telehealth providers as part of your plan. This service is separate from your health plan's network and may not be available in all areas.
