

HEALTH PLAN BENEFITS AND COVERAGE MATRIX

THIS BENEFITS AND COVERAGE MATRIX (BCM) IS INTENDED TO HELP YOU COMPARE COVERAGE AND BENEFITS AND IS A SUMMARY ONLY. THIS BCM SHOWS THE AMOUNT YOU WILL PAY FOR COVERED SERVICES. FOR A DETAILED DESCRIPTION OF COVERAGE, BENEFITS AND LIMITATIONS, THE EVIDENCE OF COVERAGE AND DISCLOSURE FORM (EOC) SHOULD BE CONSULTED. PLEASE CONTACT SUTTER HEALTH PLUS (SHP) FOR ADDITIONAL INFORMATION.

(Important disclaimer regarding optional benefits: Cost Sharing and benefit information for optional benefits that may be elected by your employer group are not reflected on this Benefits and Coverage Matrix. Most optional benefits do not accrue to your Deductible, if applicable, and to your Out-of-Pocket Maximum. Please refer to the separate plan documents for elected optional benefits to determine Cost Sharing, Covered Services and any limitations or exclusions.)

Endnotes:

- 1. Family Deductibles (when applicable) and Out-of-Pocket Maximums (OOPM) are equal to two times the "self-only" values. In a Family plan, a Member is only responsible for the "one Member in a Family" Deductible and OOPM. Deductibles and other Cost Sharing payments made by each Member in a Family contribute to the "entire Family" Deductible and OOPM. Once the "entire Family" Deductible amount is satisfied by any combination of Member Deductible payments, plan Copayment or Coinsurance amounts apply until the "entire Family" OOPM is reached, after which the plan pays all costs for Covered Services for all Family Members.
- 2. Cost Sharing for all Essential Health Benefits, including that which accumulates toward an applicable Deductible, accumulates toward the OOPM.
- 3. Outpatient Prescription Drugs, when prescribed, are Medically Necessary generic or brandname drugs in accordance with SHP's formulary guidelines. All Medically Necessary prescription drug Cost Sharing contributes toward your Deductible, if applicable, and OOPM.
 - Outpatient Prescription Drugs are available for up to a 30-day supply through a retail Participating Pharmacy. Maintenance Drugs are available for up to a 100-day supply through the CVS Health Retail-90 Network or through the CVS Caremark Mail Service Pharmacy. Specialty Drugs are only available for up to a 30-day supply through CVS Specialty. Specialty Drugs are not exclusive to Tier 4 and, regardless of tier placement, have the same fill requirements.
 - FDA-approved, self-administered hormonal contraceptives that are dispensed at one time for a Member by a provider, pharmacist or other location licensed or authorized to dispense drugs or supplies, may be covered at up to a 12-month supply. For a 12-month supply of contraceptives, applicable Cost Sharing will be up to four times the retail Cost Share.
- 4. The "Other practitioner office visit" benefit includes therapy visits and other office visits not provided by either PCPs or Specialists or visits not specified in another benefit.
- 5. The "Family planning counseling and services" benefit does not include male sterilization procedures which are covered under the "Outpatient surgery" benefits listed above. This benefit also does not include the termination of pregnancy which is covered under the "Abortion Services" benefit category listed above.
- 6. Acupuncture is typically provided only for the treatment of nausea or as part of a comprehensive pain management program for the treatment of chronic pain.
- 7. The "Outpatient non-office visit" benefit includes, but is not limited to, services such as outpatient chemotherapy, outpatient dialysis, outpatient radiation therapy, outpatient infusion therapy, sleep studies and similar outpatient services performed in a non-office setting. This benefit also includes storage of cryopreserved reproductive materials included in the fertility preservation services benefit. Storage of cryopreserved materials is not a per visit service and is typically billed on an annual basis at the "Outpatient non-office visit" Cost Sharing.
- 8. The "MH/SUD inpatient" benefits include, but are not limited to: inpatient psychiatric hospitalization, including inpatient psychiatric observation; inpatient Behavioral Health

Treatment for autism spectrum disorder; treatment in a Residential Treatment Center; inpatient chemical dependency hospitalization, including medical detoxification and treatment for withdrawal symptoms; and prescription drugs prescribed in an inpatient setting, excluding a Residential Treatment Center. Refer to the Outpatient Prescription Drug benefit for coverage details for prescription drugs prescribed in a Residential Treatment Center.

- 9. "MH/SUD other outpatient services" include, but are not limited to: psychological testing; multidisciplinary intensive day treatment programs such as partial hospitalization and intensive outpatient programs; outpatient psychiatric observation for an acute psychiatric crisis; outpatient Behavioral Health Treatment for autism spectrum disorder delivered in any outpatient setting, including the home; and other outpatient intermediate services that fall between inpatient care and outpatient office visits.
- 10. Cost Sharing for services with Copayments is the lesser of the Copayment amount or allowed amount.
- 11. In order to be covered, most non-preventive care medical services require a referral from your PCP. Many of these services also require Prior Authorization by your PCP's medical group or SHP. Please consult the EOC for complete details on referral and Prior Authorization requirements for all Covered Services.
- 12. For this Benefit Year, this benefit plan provides eligible Medicare beneficiaries with prescription drug coverage that is expected to pay on average as much as the standard Medicare Part D coverage in accordance with Centers for Medicare and Medicaid Services. The coverage is at least as good as the Medicare drug benefit and therefore considered "creditable coverage". Refer to Medicare.gov for complete details.
